Annual Halloween Parade For Boys and Ghouls

It's that time of year again, when those young and old can feel like a kid again. Some prefer to go disguised in the traditional costumes such as witches, goblins, ghosts, monsters, gypsies and vampires. Others opt for the more creative touch-a vegetable perhaps, a Dalmation, or even a Hershey's kiss.

And there's the ever-popular Disney Characters- Cinderella, Sleeping Beauty, Snow White, Prince Charming, Winnie-the-Pooh, the Little Mermaid, Peter Pan, Tinkerbell, a whole slew of Lion King characters, and of course the newest Disney addition-Pocahontas. Girls are sure to feel magically transformed dressed up as a fairy princess or as a beautiful Indian woman. Disney seems to have that effect on people.

It seems like every year, there are more exciting and glamorous costumes to choose from. If you're lucky enough to know somebody who sews, you'll be almost guaranteed no one will have the same costume as you. This year's judges for the Halloween Parades in the Mattapoisett will certainly have a difficult job selecting from the many unique and scary costumes. The judges will be local representatives of area businesses.

The Mattapoisett Parade will kick off at 6:30 on Tuesday, October 31st at the south side of Center School on Church Street. Children from Mattapoisett and other area towns look forward to marching through the center of town, showing off their costumes. What other day can they pretend to be somebody else?

Free glo-sticks will be given out to children, so they will be sure not to be left "in the dark." Prizes will be given out for the best and scariest costumes in different age categories. There is the pre-school category, the grades 1-3 category, the 4-6 category, the scariest category and the adult category.

After the costumes are judged, there will be free candy given to everyone inside the Center School cafeteria. Lucky children who win prizes will get bicycles, stereos, and other goodies. Everyone is invited to join in the fun, but only Mattapoisett residents are eligible to win a costume prize.

The Mattapoisett Police Department thanks everyone for their generous donations toward the parade. Once again, residents pulled through so that everyone can enjoy the parade and have lots of fun. Marching in parades is one way to keep children entertained without going from house to house.

The Marion Parade, sponsored by the Mothers' Club, will begin at 4:30 on Tuesday, October 31st. The march will kick off on Main Street and meet back at the Music Hall. All are invited to join in on the fun.

This is the last weekend to ride on the haunted hayride at Cervelli's Farm. Be sure to come for a night of terror, brought to you by the Rochester Lions Club on October 27th, 28th, and 29th. The hayride starts a 6:00 pm and the last ride leaves at 10:00 pm each night. Look to the classified ad section of the *Wanderer* for a money saving ad. You can save 50 cents if you bring the ad with you to the ride. Hot and cold drinks will be for sale. Rides are $5.50 for adults and children under 5 can ride for free. Proceeds will go toward the Lions Club, a charitable organization that donates its profits to eye research and other community organizations.

Between parades, hayrides and let's not forget trick-or-treating, there's lots to do this Halloween, so make sure to join in the fun.

On the Cover: *The Junior Class won for the best float with a candy theme complete with a gingerbread house. The float sported posters which read "Juniors are sweet as candy" and "Be cool like the junior mint" at the Old Rochester Regional Homecoming recently. All the floats won honorable mentions for their creativity. The Bulldogs were victorious over the Fairhaven Blue Devils.*

Mattapoisett Selectmen's Meeting

October 23, 1995

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, October 23, 1995 at 7:00 pm by Chairman Paul E. Lambalot . Also present was Selectman John N. DeCosta, Selectman Daniel O. Mahoney, and Executive Secretary Carol Adams.

After Selectmen approved the minutes from the October 17th meeting, they signed licenses, permits and reviewed correspondence. An application was received from Charles Van Voorhis for consideration as a member of the Old Hammondtown School Building Committee. Selectmen said they would like to speak with him personally before appointing him.

Selectmen thanked the Harbormaster, Steve Mach, for offering the services of the wharf laborers for painting the Town Hall. Ms. Adams noted the North Street public hearing would be held on Wednesday, October 25 at 7:00 pm at Old Hammondtown School. Next week's Selectmen's meeting will be held on Monday, October 30th at 7:00 pm instead of on Tuesday because of Halloween. She said many other Boards will probably cancel their meetings on Tuesday night. She also noted that bids were opened on Friday, October 20th at 3:00 pm for the purchase of a fire pumper tanker and the bids were taken under advisement.

The Southeastern Regional Transit Authority invited the Board to attend a viewing and inspection

of its 1995 buses and fare collection system. This viewing will be held on November 1st at 10:30 am. Correspondence was received from Adeline Aiello relative to recent tree trimming performed by Barnes Tree Service following a pole relocation by COM/Electric. "The destruction of the scenic beauty of North Street has already started. Yesterday, October 19th, COM/Electric stripped bare all the branches on the west side of the trees in front of my home and then continued down to the house next door. Where there were branches canopying the street, which makes the road so pretty, there is now nothing," she

wrote in a letter to Selectmen.

"I understand many people are very opposed to widening and ruining of our country road, I think you are making a big mistake if you proceed with touching this road to make it wider. And now that I see how horrible this road looks opened up now that the branches that covered it are gone, I am sick at the thought of how you want to citify our town. As a scenic route, I understand this type of tree work is not allowed without a public hearing and town approval," she added.

Ms. Adams noted she has been researching the statutes for tree trimming on a scenic route. "Right now I am getting conflicting opinions. Some people are saying one thing, and some people are saying another," she explained. She has even contacting other towns but to no avail she said. Some towns said COM/Electric must hold a hearing before trimming trees on scenic roads, another town said they needed written permission from the Tree Warden. Ms. Adams said usually COM/Electric contacts a tree person who goes through the Tree Warden, who fills out permits. "Town Counsel is working on this, the Tree Warden has stopped all tree trimming in town until this is resolved," she said.

At 7:30 pm Selectmen met with the Mattapoisett School Committee to discuss the Old Hammondtown School Building Committee appointments. Selectmen appointed Peter Hodges, Alfred Peter, Duane Smith, Barry Denham and Paul Lambalot to the Committee. Mr. Hodges said they would like to meet soon to get the ball rolling. "We'd like to get most of the work done before school starts in September," he said. Selectman Mahoney said he was delighted that they expressed interest in the on-going project. "It will be a lot of work, you give us great confidence," he said. There being no further business before the Board, the meeting was adjourned at 8:00 pm.

24 at 7:00 pm by Chairman Albert E. Winters. Also present were Selectman Loretta B. Schaefer, Selectman Jonathan "Jody" Dickerson, Executive Secretary Ray Pickles, and Secretary Helene Craver.

The Selectmen began the meeting with the signing of the treasury warrant and the approval of water commitments and the minutes from last week's meeting. They also granted a request from VFW Post 2425 to serve alcohol on two nights in November.

Incoming correspondence for the week included a letter from Robert V. Antonucci, commissioner of the Massachusetts Department of Education. He informed the board that the district has met the net school spending requirement for" the fiscal year of 1995 and the budget for next year is also sufficient.

Susan M. Eid, from Continental Cablevision, wrote that the Federal Communication Commission has approved the company's "Social Contract." "The major provisions of the Social Contract include...in-kind refunds totaling $9.5 million nationwide, a commitment by Continental to invest $1.35 billion between 1995 and 2000 to upgrade all of our cable television systems, and rate stability...." Winters said, "I don't think it will have any direct affect on Marion."

Helen Craver wrote, "Fees for annual license renewals have remained the same since 1988. The board will need to establish license renewal fees for 1996." Selectman Schaefer suggested inquiring about rates at neighboring towns. "I would hate to raise fees for the sake of raising them," she said.

Charles Bradley, shellfish officer, sent the board a letter about seasonal closures. "I have been notified by the Massachusetts Division of Marine Fisheries that Marion Inner Harbor may be opened to all shellfishing beginning November 1. There are small areas by the boat yards that will remain closed. They are posted. If there are any questions, please see the maps located at Old Landing, the Harbormaster's Office, and Town Hall.

The DPW has finished reshingling the harbormaster's office. They are presently sealing cracks on County Road and working on Point Road in preparation of resurfacing. The assessors set the property tax rate at $12.01 per $1,000. This is an increase of 2.6% from last year's rate.

The Board of Fire Engineers met with the Selectmen at 7:15. They discussed the building of the new firehouse. They said it is coming along very

well and they had have good cooperation. Shingling may start tomorrow, and it should be completed by the spring. Chairman Winters commented, "It's going to blend in very well." The firemen will also look into cutting down on fire horn blasts during the night. The old system may need some time to be changed, though. Engine #3 will probably need a replacement in a few years.

At 7:30, the board met with Joseph Pinciaro and Gino Federico of C.J.P. & Sons Construction, Charles Simpson and Robert Zora of the DPW, Robert Cummings of East Coast Engineering, and residents of Stoney Run. The street is getting

connected to the town sewer system. Work should start November 6th, but the equipment will be moved in beforehand. There will be a clearing along the side of Delano Road to temporarily accommodate the cars of the residents. Mr. Pinciaro and Mr. Federico plan to have a working day of approximately 7:00 am to 4:00 pm. During this time, sections of the road will be blocked off. Work will begin on the end of the street near Delano Road and the contractors hope to have the main pipeline installed "in about 30 (working) days." The pumping station will arrive in 10-12 weeks. Then the individual houses will be hooked up to the main line. A route for emergency vehicles was discussed; there is a possible private driveway connection, but the contractors believed they could clear a path in the time it takes to answer a call.

The final coat on the road, not part of the contract with C.J.P., will be applied in the spring of 1997. This allows for the settlement to occur during winter.

The board went into executive session at 8:15 pm with George Walker and Executive Secretary Pickles.

Rochester Selectmen's Meeting

October 23, 1995

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, October 23 at 7:00 pm by Chairman Michael Murphy. Also present were Selectman Lorraine Roy Hawkes, Selectman David L. Hughes, and Administrative Secretary Shirley A. Ferreira.

After approving the minutes from the October 16th meeting, Selectmen met with Rochester Fire Chief Scott Ashworth. He said the new pumper tanker will be delivered on October 25th. "It looks real good," he said. Selectman Lorraine Roy Hawkes noted that Mr. Ashworth's 6-month probation period required from his date of hire has ended. "I see no problems. The probation period can cease," she said. Selectmen also agreed to end the 6-month probation period from the date of hire for the Chief Dispatcher, Susan Kucinski. Under Old Business, Selectmen received correspondence from Mrs. Sullivan concerning naming the intersection of Walnut Plain Road and High Street after the Varella's, one of the first Cape Verdean families in Rochester. She said she had no problem with naming the property Varella Corner instead of Varella Square. She told Selectmen the families are planning to hold the dedication sometime in June, when the whole family will be together. Selectmen also discussed the "Perry Property" situation. Selectman Hawkes made a motion to release the $22,500 as requested by Mr. Perry. Selectman Hughes said he wasn't in favor of returning any funds until the

"Let's send a letter to his attorney and ask when they think this will get taken care of." Chairman Murphy said he wanted to hold off making any decisions until next week because he wanted to consult with Town Counsel.

In other business, Selectman Hughes said he would like to send a letter to William Straus (D-Mattapoisett) thanking him for his effort for obtaining funds for the herring run in Mattapoisett. Selectmen also received a letter from a resident who

65, Old Rochester Regional High School. This amount total is now $2,067,639.78 , or $10,980 more than the article voted on at the last Town Meeting. Finance Committee member Michael Bare explained there was a difference in their assessment when they finally got the "Cherry Sheets" in after the Town Meeting. "This amount is what we didn't get from the state. The state has decreased their equity aid by $10,980," he explained. The money from the town goes to Old Rochester Regional High School.

• To accept Featherbed Lane, so called, from the southerly boundary of the Albert F. Jr. and Maurice D. Riley property, lot number 17, and number 23, assessors plan 46, to include property of Julie A. and Michael St. Don, lot number 18B, assessors' plan 46. Mrs. St. Don explained she and her husband built a house in 1992 and took land to use as frontage for their house because the town discontinued Featherbed Lane in 1981 . "We have every service to our house, we would now like to give back the land we took."

• To raise and appropriate or transfer from available funds the additional sum of $6,000 to purchase the services of a data collection firm and or consultant relative to the FY 1996 revaluation program as required by the state.

•To raise and appropriate or transfer from available funds the sum of $2,000 to supplement the assessors' expense, article 3, line item 12, annual town meeting, May 15, 1995. The money will be used to purchase a maintenance agreement for the computer program.

• To amend article 3, line item 20, town clerk's expense, annual town meeting, May 15, 1995 to $8,617. Town Clerk Naida Parker said this additional money ($979.20) would be used to give a 70 cent raise to two of her employees. She said she wanted them to make the same amount of money as the new employee in the Building Inspector's office.

•To authorize the Board of Selectmen to transfer care, custody, and control of a portion of the town-owned lots on Dexter Lane to the Council On Aging, such portion to be determined by the Board of Selectmen, for the purpose of constructing a senior center. The Building Needs Committee has

been searching for a place for them.

The following article wasn't passed at the Special Town Meeting:

• To amend the protective by-laws with regard to the definition of "frontage" in section III, and substituting the following new definition. "Frontage-a continuous distance measured along the street line, between the points of intersection of a side lot line with the street line." Georgia Chamberlain of the Planning Board said this would affect new lots only. "We have studied this for 14 years, this (by-law) will make for a nicer town, (with) continuous (frontage) from one point to the other," she said. Town Clerk Naida Parker said it would make it more difficult and expensive for people to build new houses. Selectman Hughes said he didn't think it was a good idea. "If this passes, you'll be loosing frontage on the road...the problem is it's got to be laid out by the county," he said. Building Inspector Bob Francis said he disagreed. "Your deed specifies your front line, not the county layout, not the pavement of the road," Mr. Francis said. Ms. Parker said she knew of four lots that wouldn't have been allowed to be sublotted under the new by-law. 25 residents voted in favor of the new by-law and 34 voted against it.

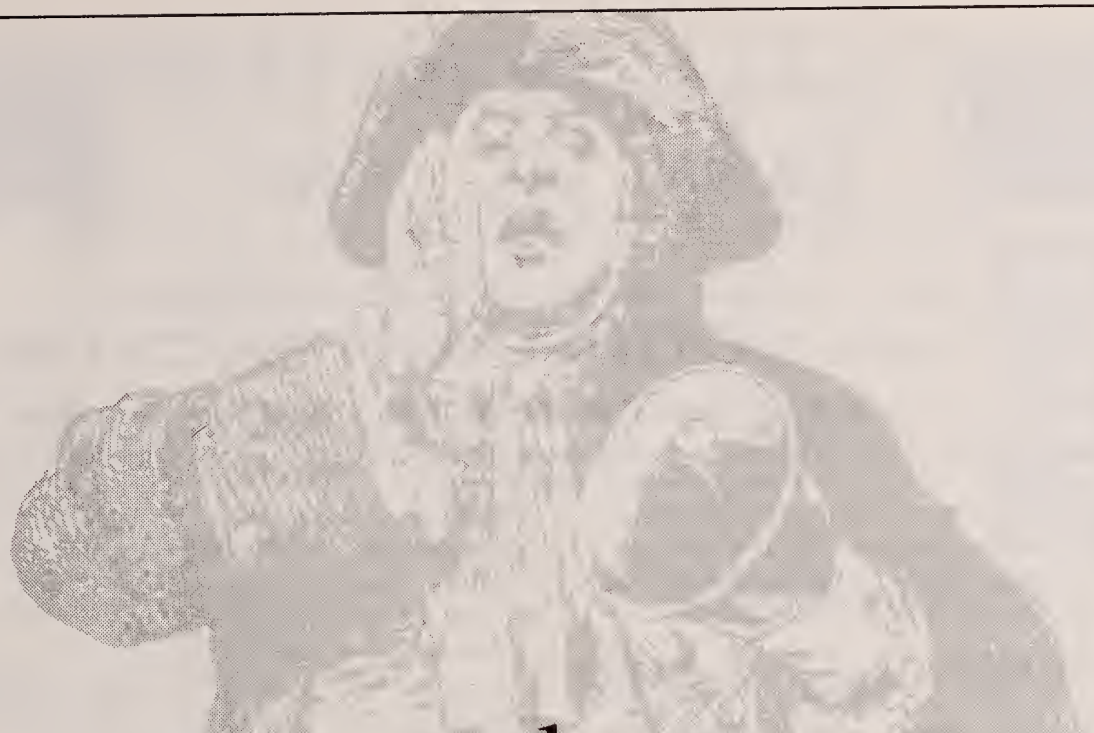

Two articles were tabled, or postponed until another meeting.

• To accept the provisions, authorizing the town to provide on or with its municipal tax bills and motor vehicle excise bills, a place for taxpayers voluntarily to check off, donate and pledge an amount not less than $1 to a scholarship fund or to an educational fund.

• To accept a donation of land to the town of Rochester and Rochester Conservation Commission and Town Forest Committee designated as lot 40A on assessors' map 17. The subject property is 5.8

Letters to the Editor

To The Editor:

Whether you live on North Street or not, you should be concerned about the future of this roadway. Why? Because of the development potential that remains around the area serviced by this road. You should be asking yourself if you want that area to be developed, what impact will such development have on your taxes in the future, on the services the town is required to provide. And, you should be asking yourself who will benefit from land development on or near North Street. Let's not kid ourselves, there are people in the community who don't care if North Street becomes a Route 6 look-a-like. These people do care greatly, however, that North Street be widened for the development potential a larger roadway may offer.

Then there is the issue of drainage. Have you considered where the "drain pools" will be located? Whose land will be taken for such drain pools and how these drain pools will be maintained in the future?

We need to be mindful at all times where North Street is concerned that the issues aren't just whose front yards will be taken to provide sidewalks for children to use, or a smooth street for cars to cruise along. The picture is much bigger. It's the bigger picture I want to know about before I agree to a reconstruction plan. Don't you?

BUY OR SELL FIRST

Here is one of the oldest questions in the real estate business: Should I sell my house first and then scramble to buy a new one or should I find the new one first and then sell?"

Actually, both steps could be taking place simultaneously, but you'll need more information first and a helping hand to coordinate the steps so they'll fall into place painlessly. Your first step should be a visit to an experienced residential agency like ours. We will prepare a marketing plan for your present home. This will give you a firm basis for planning your new purchase. You'll have an idea of the cash you will have available to use for the downpayment on the next house. Also~you'll have a timeframe for the sale of your present home from listing to passing. This will help in planning the time you'll need to wrap up the purchase of the new home.

In selling one home to buy another, you are not alone. Over 70% of all residential transactions are hinged on one sale taking place before another is consummated. Our agency will help make this transition more profitable and less stressful.

Call BRUCE today with any of your Real Estate questions or needs, we're here to help!!

eyes are dazzled by all the brightly illuminated signs. In fact, it reminds you of Route 6 in Dartmouth. MacDonald's, Burger King, Wendy's, Taco Bell and oh yes, they finally opened that full sized version of Dunkin' Donuts that started it all just two years ago. It doesn't take much to set a precedent. In January of 1996 they opened their first small take-out counter at Tedeschi's. Nobody really expected it or thought much about it, but that sign hanging out front was just the invitation all the others needed to bring on the competition. Once one chain had been allowed to open, how could all the others be denied? Is this what you want to see as you drive through town? Did you know that Dunkin' Donuts will be opening at Tedeschi's in January of 1996? Have you been reading the minutes of the Selectmen's meetings about the need for sidewalks on North Street to handle all the kids and bicycles that will be moving into the as yet undeveloped land on both sides of the major route?Are you concerned about preserving any of that land and the impact in its natural state? Are you concerned about how that road will look and the impact on the "quality of life" of the residents who chose North Street when it was just a quiet country road?

In 1970 Sandwich was just a sleepy little town ignored by the crush of humanity surging down the Cape to their outermost houses. Then one day, an article appeared in a widely read publication announcing that Sandwich had the lowest tax rate of all Massachusetts towns. That combined with its proximity to Boston, via Route 3, and the expansion of all the small towns along the corridor south of Boston, convinced people it was a simple, inexpensive, historic place in which they could

reside and still enjoy all the financial benefits of big city business. A building boom overran the town and the population grew to 18,500. Three new elementary schools have been built to accommodate the influx of young families, filling all those developed tracts of land. The town is hard pressed to afford to keep the basic educational programs staffed and has had to severely cut the arts and humanities. Taxes are no longer the lowest in the state.

The development of Peirson Woods in Marion caught neighboring residents by surprise, although the signs had been along the road for a long time, nobody had bothered to read them and understand the implications. The alarm went out after the barn was fully engulfed and the residents of the neighborhood could not put out the fire. So how

has Marion reacted to the specter of developers coming in and gobbling up all this desirable land? The Selectmen have formed a growth committee whose purpose is to formulate plans to take control of the inevitable growth that will take place in their town. Teams of interviewers have met with interested parties in all sections of the town to poll their attitudes about possible development of their neighborhoods-areas of possibility, size of lots, type of structures allowed, etc.

What does this all mean to us here in Mattapoisett?It means the handwriting is on the wall. People are willing to drive hours to and from work to come home to a place that is special. We have recently received some mention in the Boston press as an attractive community. We have open space which lures the big developers and we have a Board of Selectmen who seem eager to develop our resources. When a Selectman was recently quoted as saying if a Burger King wanted to buy property owned by Fleet Bank, they (Selectmen) could do nothing to stop them. As the residents of North Street express alarm about a highway being sliced through their quiet neighborhood, who is listening?

THE CASINO IS *NOT* A "DONE DEAL"-- YOUR VOICE STILL NEEDS TO BE HEARD!

Thanks to you, the New Bedford casino proposal was firmly rejected in Mattapoisett's and Marion's referenda last Spring. NOW, the Massachusetts Legislature is set to decide the issue in an upcoming vote.

Please take just 5 minutes
to call or write your State Representative and Senator
to let them know of your opposition to the casino.

Here's how to reach your legislators:

Representative Bill Straus
State House
Boston, MA 02133-1054
617-722-2000

Senator Marc Pacheco
State House
Boston, MA 02133-1054
617-722-1455

And here's a sample letter:

> Dear Representative Straus / Senator Pacheco:
>
> I am opposed to the establishment of a casino in New Bedford and strongly urge you to vote against it. I don't believe gambling is the answer to the economic situation in this area.
>
> Thank you for your consideration.
>
> Sincerely,
>
> Signed: (Your name and address)

Unlike the gaming interests who spent over $1 million on lobbying to influence the legislature in 1994 (and probably have exceeded that figure this year), your friends and neighbors depend on the power of your letters to make a difference in Boston.

If residents are reluctant to expand our elementary school now when the specter is on the horizon, how will they react if the invasion comes? Let's use our heads, learn from the experiences of others and plan ahead to maintain the quality of life that makes Mattapoisett Special.

This rate won't change in a few months. Nor will our interest in you.

With a big-bank home equity loan, you'll often see a "teaser" rate. One that'll change in a few months.

However, our equity loan is fixed for an entire year. You pay no closing costs. And in most cases, you're approved in 24 hours.

We also take the time to thoroughly serve your needs. By providing a personable originator to guide you to closing, as quickly as possible. And if it makes more sense for you, we offer an equity line with an equally outstanding rate.

Call us today at Plymouth Savings. In a community founded on the idea of equitable treatment, you'll find we're the natural choice.

Senior Center Ad Hoc Committee

The Senior Center Ad Hoc Advisory Committee met with the Board of Selectmen on the evening of October 10th in order to review the results of the surveys which were mailed out to citizens of Mattapoisett and returned to the Committee. The majority of responses reflected that indeed there is a need for a Senior Center in town. All responses, including those not favoring a Center and why, were shared with Selectmen.

Since the responses were overwhelmingly in favor of such a center, Selectmen gave the go-ahead for the committee to research what properties might be available for rent in the community for such a purpose. Any suggestions would be most appreciated. You may call Michele Bernier at 758-

Friends of The Elderly

Registration Share

Registration Day for the November Share Package in Mattapoisett is November 3rd at the Congregational Church between 11:00 am and 1:00 pm. This is so that you may have your food package for Thanksgiving. This would be an advantageous time to try getting a Share package. As stated before, there are no restrictions or guidelines for receiving this food other than a payment of $14.40 (food stamps are accepted) and two hours of community work, for which you receive approximately $35 worth of groceries. This month you will receive all the fixings for your Thanksgiving dinner plus a variety of meats (no turkey). Community work can consist of anything done for an individual or organization for which you receive no money. Babysitting, grocery shopping, organization meetings, all of these are acceptable. If you do more than two hours in one month and nothing in another month the excess hours can be banked for another time. Call Jean for an explanation at 758-6470. The goal of the Friends of the Elderly is to see that everyone can take advantage of this program.

Board Meeting

The Board Meeting of the Friends of the Elderly will be held on November 6th at 3:00 pm at Village Court.

VASE (Volunteers at Sippican Elementary). Be sure to mention VASE at the time of the sale. The money that goes to VASE will be used to benefit Sippican School's Etta Hix Allen Library/Resource Center. The Bookstall is busy adding to its inventory, particularly of children's books, in order to meet the expected increased demand. For many years the Bookstall has done the ordering and has been the intermediary with the book warehouse as well as providing quality books from its own shelves for the Flying High Fair in the Sippican School Auditorium, so it has all the expertise to provide wonderful books and expert advice. One of the reasons for this change of venue is that the price of books, even paperbacks, has escalated to the extent that not all members of the Sippican School Family feel they can participate. VASE hopes that everyone will support this new approach and do as much birthday, Christmas and personal shopping as possible at the Bookstall on the Flying High Book Fair dates. Spread the word.

Mattapoisett Nursing Home

This month, fire safety month, in cooperation with the Mattapoisett Fire, Police and Civil Defense Departments, we will be conducting a Disaster Simulation Drill at the Mattapoisett Nursing Home. Fire Departments from surrounding towns will also be involved. This exercise provides a unique opportunity to sharpen our skills and awareness for disaster preparedness. Being familiar with the strategies and procedures of a disaster drill can also serve us in our everyday lives. Participating in a disaster simulation exercise gives us a chance to learn without people being at risk, and have fun at the same time. Various aspects of a disaster will be enacted with volunteers assuming new "identities" for the evening. We will need typical "Residents" and "Staff". In addition, we will need a "Snack Brigade" for the completion of the drill. All residents will have been informed of our drill and will be "interested observers" only. Each resident's privacy and safety will be guarded and protected during this exercise. One reason for an evening drill is to ensure that a majority of our residents will be in bed, away from the areas of intense activity. Staff on duty that evening will be focused primarily on on -going resident care.

Sippican Historical Society

The Sippican Historical Society will present Storyteller Davis Bates in a program of stories and songs to celebrate the season. Entitled Down Home New England: Stories and Songs for Everyone, the program will involve the audience, through song and story, in a variety of cultural traditions. It will include Glooskabi stories from the Native American cultures of the Northeast, stories from the Underground railroad, New England Oral History narratives, and family stories from Davis' own family. There will also be plenty of sing-alongs. Pete Seeger has called Davis, "Thoughtful, creative, human, and a fantastic storyteller." Davis' traditional and Participatory style of telling is a refreshing change from videos and passive televised entertainment, empowering and encouraging audiences of all ages to join the fun, and to take the stories home with them to share with others. He also encourages listeners to remember and tell stories from their own family and cultural tradition.

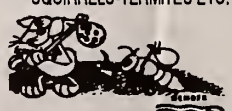

Davis Bates has been telling stories for over 15 years in schools, libraries, colleges and community settings around New England and across the country. A featured teller for the Pioneer

support a skate park area at Livesey Park. The proposed plan is to have the North Fairhaven Improvement Association form a committee to raise monies to resurface the old skate area of the park and to build ramps for skateboarders and in-line skaters. It was also decided to separate the skateboard area from the in-line skate area with a berm wall about 6 " high with a sluice so the area can be flooded for ice skating and then drained afterwards.

NFIA has begun setting its course to making this a reality for the youth of our community. Anyone interested in helping this project along may contact Mr. Cormier at 992-4857 or by attending a monthly meeting held on the third Wednesday of the month at 7:00 pm at Our Lady of Angels Hall, 5 Jessie Street in North Fairhaven. Skateboarders, parents, in-line skaters are all welcome to attend.

Tobey News

Something special is happening at Tobey Hospital for area senior citizens. Special discounted meals are now available to seniors during the lunch and dinner hours in the hospital cafeteria. The meals are available from 12:30 pm-1:30 pm during lunch hours, and 4:30 pm-6:00 pm during dinner hours. Anyone aged 55 and over is eligible to participate.

According to Michele Westgate, production

manager in Tobey's Dietary Department, the hospital began the program as another means of "strengthening our relationship with the community. It's an opportunity to offer seniors a nutritious, balanced meal at a low price, and it's also a chance for them to meet and socialize with other seniors. Some seniors eat alone and it's difficult for them to always prepare and eat a balanced diet."

Meals at the hospital will include an entree, choice of starch and vegetable, a beverage and Jello or pudding. The charge will be $2.50 per meal. If seniors have any questions about the new program, they can call Michele Westgate in Tobey's Dietary Department, 295-0880, extension 242.

Sibling Program

Area youngsters awaiting a new brother or sister can learn just what to expect at Sibling Classes sponsored by Tobey Hospital. The next class will be held on Saturday, November 4th in the hospital library from 2:00 pm-3:30 pm. The program is open to all children aged three and over. Those participating will learn how to diaper, feed and cuddle the new arrival and will take tours of the maternity department including observing newborns in the nursery. The class is limited and pre-registration is required. The fee is $10 per child. ($5 per additional child in the same family). To register, call June Chamillard at the Public Relations office, 291-3716.

Artists Exhibit

Several artists are exhibiting at Tobey in a collaborative effort as part of the Art Partnership program. Their works can be viewed along the first floor corridor as well as at the Surgical Day Care Department. The works, of oils and watercolors, are predominantly landscapes with some still lifes. The artists are members of the Bourne-Wareham Art Association. The group held an Art Show and Sale in July at the Besse Park in Wareham, with all profits donated to Art Scholarships for Wareham and Bourne High School graduates. Members exhibiting at the hospital are Eloise Dewhurst, Clayton Fuller, Phyllis Ginty, Virginia Gittines, Norma Keyes, Lillian Larkin, Dorothy Mangos, Margaret Patchett, Renee Ziegner, Elsie Robery, Lillian Tomkiewicz and Patricia White. The exhibit can be viewed through November 3rd. The prices range from $75 to $400. To purchase a painting, call June Chamillard at the Public Relations office, extension 8-716. declawed and vaccinated. This week we also have several older kittens ranging in age from 4-6 months. They have all been in foster homes since they were tiny and are well-adjusted. They include three calicos, one tiger, two tortoiseshells, one orange tiger, which are all females. There is also one gray and white male and a white male tiger who are real love bugs. We have an infinite list of kittens still available-they include all colors, male and female, long or short-hair fur ranging in age from 8-weeks to 4-months. Still waiting to be adopted from the shelter in Fairhaven is the 7-year-old Shepherd mix whose owner died a few months ago. He is a real nice dog but very sad and lonely. There is also a yellow lab mix puppy about 6-months-old and a Benji type pooch. Call Kristen at 979-4028.

In the lost and found department, there have been two adult cats found at the Rochester Town Hall. One is all white with dark spots in its head, long hair and very friendly. The second cat is a black and white long hair cat who is declawed and extremely friendly. An orange and white short hair, neutered male was found on Park Street in Mattapoisett. His name is "Henry." News and Photo Submission Policy

The Wanderer gladly accepts any and all news and press release items from local non-profit organizations for publication on a weekly basis. The deadline for submission of said items is Monday at 12:00 noon for publication in that week's edition. Due to the increased number of submissions, however, publication of press material is never guaranteed. *The Wanderer* will make every effort to publish timely news items and announcements as the subject warrants and as often as spacing allows. All press material must be submitted in writing — we cannot accept news items via telephone.

Photographs of area events and newsmakers are also accepted and encouraged. *The Wanderer* accepts well-lit and clearly defined color or black and white photographs for publication provided they include a brief summary of the event or subject. Those interested in getting prints returned should make arrangements to pick them up at our office on the Friday following publication. Like news items, the deadline for photos is Monday at 12:00 noon and the publication of photographs is also subject to spacing constraints and therefore cannot be guaranteed.
